ACTA BOTANICA NEERLANDICA

Published by the
KONINKLIJKE NEDERLANDSE BOTANISCHE VERENIGING
(Royal Botanical Society of the Netherlands)

Volume 21

U. of ILL. LIBRARY
MAR 21 1973
CHICAGO CIRCLE

1972
PRINTED BY H. VEENMAN & ZN. N.V.-WAGENINGEN

Dates of publication:

part 1 (pp. 1-112), issued April 3, 1972
part 2 (pp. 113-184), issued April 26, 1972
part 3 (pp. 185-320), issued July 17, 1972
part 4 (pp. 321-448), issued October 24, 1972
part 5 (pp. 449-572), issued November 24, 1972
part 6 (pp. 573-684), issued January, 1973
Indexed in Current Contents

CONTENTS

L. ANKER, The circumnutation of the Avena coleoptile, its autonomous nature and its interference with the geotropic reaction 71

G. G. J. BANGE, An effect of temperature on the inhibition of ammonium absorption by potassium in excised barley roots 145
T. BARETTA-KUIPERS, Some remarks on the wood structure of Pinzona and allied genera of the subfamily Tetraceroideae (Dilleniaceae) 573
G. J. H. BENNINK, Photomorphogenesis in Penicillium isariiforme I. The action spectrum for light-induced sporulation 528
G. J. H. BENNINK, Photomorphogenesis in Penicillium isariiforme II. The action spectrum for light-induced formation of coremia 535
C. C. BERG, A new species of Helianthostylis (Moraceae) 99
C. C. BERG, A new species of Cecropia (Moraceae) 655
J. H. M. BEX, Effects of abscisic acid on oxygen uptake and RNA synthesis in germinating lettuce seeds 203
J. H. M. BEX, Effects of abscisic acid on nucleohistone and histone synthesis in maize coleoptiles 292
P. R. BHALLA and P. S. SABHARWAL, Induction of flowering in Lemna minor by EDDHA 200
R. DE BOER and F. BOUMAN, Integumentary studies in the Polycarpicae. II. Magnolia stellata and Magnolia virginiana 617
G. W. F. H. BORST-PAUWELS and J. DOBBELMAN, Determination of the yeast cell pH 149
A. C. BORSTLAP, Changes in the free amino acids of Spirodela polyrhiza (L.) Schleiden during growth inhibition by L-valine, L-isoleucine, or L-leucine, a gas chromatographic study 404
P. D. BURGGRAAF, Some observations on the course of the vessels in the wood of Fraxinus excelsior L. 32

F. J. A. DANIËLS and H. F. FERWERDA, Three interesting lichen finds from Southeast Greenland 166
J. VAN DONSELAAR, Aspidosperma helstonei (Apocynaceae), a new species from Surinam 253

P. A. FLORSCHÜTZ, S. R. GRADSTEIN and W. V. RUBERS, The spreading of Fissidens crassipes Wils. (Musci) in the Netherlands 174

TH. W. J. GADELLA, Some notes on Ornithogalum umbellatum L. and Ornithogalum divergens Bor. 257
TH. W. J. GADELLA and E. KLIPHUIS, Cytotaxonomic studies in the genus Symphytum. IV. Cytogeographic investigations in Symphytum officinale L. 169

B. VAN GEEL, Palynology of a section from the raised peat bog 'Wietmarscher Moor', with special reference to fungal remains 261
R. GEESINK, A new species of Langsdorffia from New Guinea (Balanophoraceae) 102
S. R. GRADSTEIN, A note on the Bryophytes of the Maltese Islands 67

A. HAGENDIJK, J. L. VAN SOEST et H. A. ZEVENBERGEN, Taraxacum debrayi, espèce nouvelle de la France 436
A. HAGENDIJK, J. L. VAN SOEST und H. A. ZEVENBERGEN, Neue Taraxacumarten der Niederlande 491
H. 'T HART, Chromosome numbers in the series Rupestria Berger of the genus Sedum L. 428
C. DEN HARTOG, The sea-grasses of Brazil 512
PH. R. VAN HASSELT, Photo-oxidation of leaf pigments in Cucumis leaf discs during chilling 539
R. J. HELDER and J. BOERMA, Polar transport of labelled rubidium ions across the leaf of Potamogeton lucens 211

J. H. IETSWAART, A. FOKKINGA and M. VROMAN, Delimitation of Origanum scabrum Boiss. et Heldr. (Labiatae) by means of morphological criteria 439

J. G. M. JANSSEN, Detection of some micropatterns of winter annuals in pioneer communities of dry sandy soils 609

R. C. KAASTRA, Revision of Chlorophora (Moraceae) in America 657
D. H. KETEL, W. G. DIRKSE and A. RINGOET, Water uptake from foliar-applied drops and its further distribution in the oat leaf 155
E. KLIPHUIS and J. H. WIEFFERING, Chromosome numbers of some Angiosperms from the South of France 598
J. KOEK-NOORMAN, The wood anatomy of Gardenieae, Ixoreae and Mussaendeae (Rubiaceae) 301
J. H. A. VAN KONIJNENBURG-VAN CITTERT, Some additional notes on male Gymnosperm fructifications from the Jurassic flora of Yorkshire 95
P. KOOIMAN, The occurrence of iridoid glycosides in the Labiatae. 417
K. U. KRAMER, Studies in the New World Sapindaceae. I. Notes on the genus Talisia Aublet. 671
K. U. KRAMER, L. Y. TH. WESTRA, E. KLIPHUIS and TH. W. J. GADELLA, Floristic and cytotaxonomic notes on the flora of the Maltese Islands . . 54
G. H. KROON, Some aspects of the pollination mechanism of Viola tricolor L. and Viola × wittrockiana Gams 630
Z. KULESCHA, Influence réciproque de quelques substances de croissance dans la culture de tissu de topinambour (Helianthus tuberosus L. var. 'Violet'). II. Le comportement du tissu 77

W. Lindeman, Reactivation of photosynthesis in dependence on wavelength in phosphate deficient Lemna minor 86
G. M. Lokhorst and M. Vroman, Taxonomic study on three freshwater Ulothrix species 449
Á. Löve and D. Löve, Vermeulenia – a new genus of Orchids 553

A. D. J. Meeuse, Facts and fiction in floral morphology with special reference to the Polycarpicae. 1. A general survey 113
A. D. J. Meeuse, Facts and fiction in floral morphology with special reference to the Polycarpicae. 2. Interpretation of the floral morphology of various taxonomic groups 235
A. D. J. Meeuse, Facts and fiction in floral morphology with special reference to the Polycarpicae. 3. Consequences and various additional aspects of the anthocorm theory 351
A. M. W. Mennega, "Soft-rot" in a wood sample of Dicranostyles: a rectification 343
A. M. W. Mennega, Wood structure of the genus Talisia (Sapindaceae) . . 578
A. Musch and T. W. J. Gadella, Some notes on the hybrid between Campanula isophylla Mor. and C. pyramidalis L. 605

G. J. Niemann, Phenolics from Larix needles IV. Constituents of L. laricina 549
P. J. Nieuwdorp. Some observations with light and electron microscope on the endotrophic mycorrhiza of Orchids 128

D. M. Pegtel, Effects of temperature and moisture on the germination of two ecotypes of Sonchus arvensis L. 48
A. J. van der Plaats-Niterink, The occurrence of Pythium in the Netherlands. III. Pythium flevoense sp.n. 633

C. W. Raven, Chlorophylls in organs of seeds and dark grown seedlings of pea 366
C. W. Raven and C. J. P. Spruit, Induction of rapid chlorophyll accumulation in dark grown seedlings. I. Action spectrum for pea 219
C. W. Raven and C. J. P. Spruit, Induction of rapid chlorophyll accumulation in dark grown seedlings. II. Photoreversibility 640
J. J. S. van Rensen, S. H. Justesen and P. M. L. Tammes, On the observed logarithmic factor in dose-response relationship, illustrated with the effect of some herbicides on photosynthesis 372
A. H. G. C. Rijven, Control of the activity of the aleurone layer of Fenugreek, Trigonella foenum-graecum L. 381

R. A. Samson, Notes on Pseudogymnoascus, Gymnoascus and related genera 517

E. SCHENK, Quantitative studies on translocation in Sagittaria graminea Michx. leaves, a new method of measurement 231
A. M. SIEBERS, Vascular bundle differentiation and cambial development in cultured tissue blocks excised from the embryo of Ricinus communis L. . 327
J. L. VAN SOEST, New Taraxacum species from Azerbaijan 192
A. A. STERK and L. DIJKHUIZEN, The relation between the genetic determination and the ecological significance of the seed wing in Spergularia media and S. marina 481
PH. STOUTJESDIJK, Spectral transmission curves of some types of leaf canopies with a note on seed germination 185
PH. STOUTJESDIJK, A note on the spectral transmission of light by tropical rainforest 346

J. B. THOMAS, W. S. M. VAN DE VEN, P. F. ELBERS and W. H. VAN ECK, Aerobic photobleaching capacity as related to electron microscopical data on particle size distribution of chloroplast fragments from Vischeria stellata and Spinacia oleracea 387
C. M. TICHELAAR, Acremonium gamsii nov. sp. (Hyphomycetes) 197
T. TIETEMA, SYTA M. R. HOEKSTRA and J. VAN DIE, Translocation of assimilates in Fritillaria imperialis L. II. Downward movement of ^{14}C-labelled photosynthates into the developing bulb and their subsequent distribution among the scale parts 395
T. TIETEMA and J. VAN DIE, Translocation of assimilates in Fritillaria imperialis L. III. A tracer study on the vascular connections between floral nectaries and leaves 400

S. J. WELLENSIEK, Effects of long day, high temperature and GA_3, on floral induction and stem elongation of Samolus parviflorus. 285
J. L. VAN WENT and P. M. L. TAMMES, Experimental fluid flow through plasmodesmata of Laminaria digitata 321
J. H. WIEFFERING, Some notes on the diploid chromosome number of the genus Acorus L. (Araceae) 555
W. J. J. O. DE WILDE, Additional notes on Ethiopian Adenia (Passifloraceae) 560
M. TH. M. WILLEMSE, Changes in auto-fluorescence of the pollen wall during microsporogenesis and chemical treatments 1
M. TH. M. WILLEMSE, Morphological and quantitative changes in the population of cell organelles during microsporogenesis of Gasteria verrucosa 17

G. ZIJLSTRA, Bemerkungen zur Systematik und Ökologie von Blackstonia perfoliata und B. acuminata (Gentianaceae). 587

Meetings of the Royal Botanical Society of the Netherlands . . 107, 567

Book Reviews 180, 448, 569, 679

Summaries of Doctor's theses 571, 684
